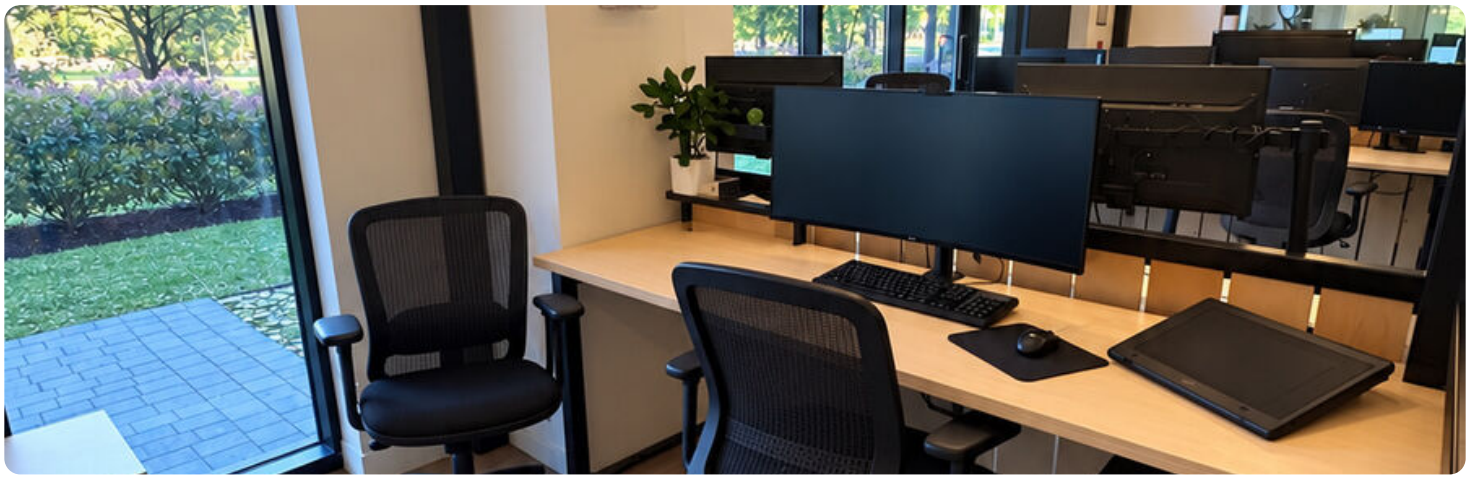
Dedicated desk 105-GH

Roomy desk with a long view



ABOUT THIS DESK

Desk 105-GH is one of the roomier spots in the window row. The wide birch top leaves space for a large screen, a keyboard and a tablet side by side, and a tall window on your left frames trees, a lawn and lilac shrubs. Look the other way and the row stretches out under timber beams and strings of warm bulbs, with more windows at the far end letting in the afternoon light.

You keep this desk to yourself, with 24/7 access by Kisi phone app or fob. Gigabit fibre and coffee are included, the phone booths are on the same floor for private calls, and the conference room is free for desk members when it is open. The atmosphere is quiet and focused, with no reception counter and members greeting their own visitors.

Ideal for: Developers and analysts with multi-screen setups
