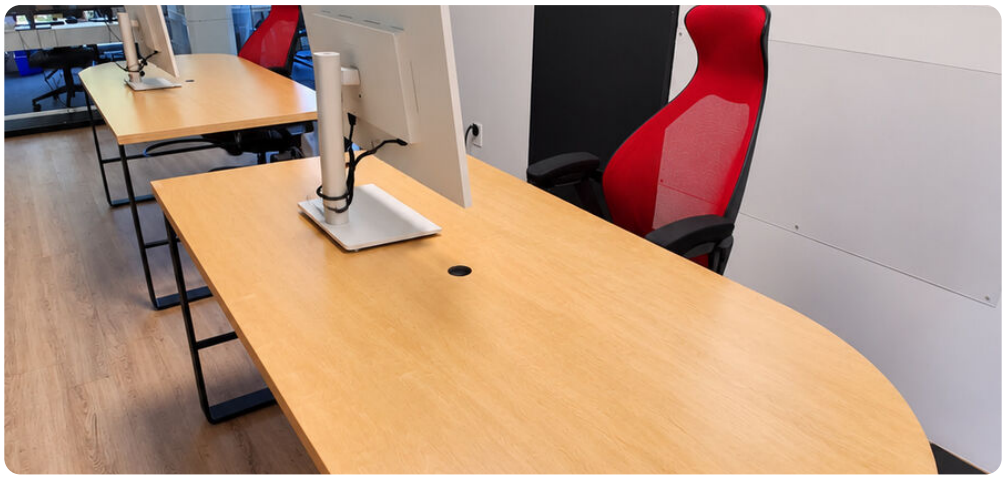
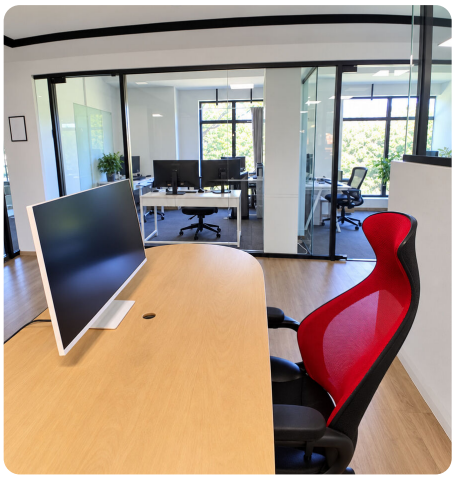
Dedicated desk 109-B

Bright desk facing glass offices





ABOUT THIS DESK

From desk 109-B you look straight through a set of glass-walled offices to the big windows beyond, where the treetops fill the frame. The desk itself is a long rounded oak top on a black steel frame, with a cable grommet and a red high-back mesh chair that holds you comfortably through a long day. A white half-wall and a planter of grass give the spot a little shelter on one side.

The desk is reserved for you and open 24/7 with the Kisi phone app or a fob. Gigabit fibre and coffee are included, the phone booths handle private calls, and the conference room is free for desk members when it is available. The east wing is light, modern and quiet, and nobody is stationed at a front desk, so members welcome their own guests.

Ideal for: Growing solo businesses eyeing a private office later
